

Motion Detector-Outdoor 40ft/90°

Part Number: E4026

FEATURES

- 40 feet (12.2m) range
- Double filtering and conductive metal shielding, permitting only infrared energy to reach the pyroelectric elements
- Automatically adjusts the detection sensitivity according to the environmental temperature
- Multi-level or Pet Alley detection patterns
- Day or night mode
- Supervised
 - Battery Condition
 - Signal Strength

SPECIFICATIONS

- Size: 2.8" x 5.3" x 2.1" (7.2cm x 13.5cm x 5.3cm)
- Weight: 5.3oz (.15kg)
- Operating Temperature: -4° to 122°F (-20° to 50°C)
- Battery: 9V (supplied)
- Battery Life: 2 years
