

Safety

- Plastic housing provides officer safety during deployment and removal from the roadway.
- Deployment sleeve, with attached 80-foot (24m) cord, allows the deploying officer to stand a safe distance from the road.
- Engineered to deflate tires without blowout; hollow Teflon[®] coated quills act as valves, releasing air at a safe, controlled rate.
- Eliminates the need for time-consuming, costly and potentially hazardous repair to deflation device.
- No debris left on roadway.

SUV Kit, now available.

STOP STICK

STOP STICK[®]

The Safest Tire Deflation Device.

Simplicity

- STOP STICK[®] offers the fastest deployment of any tire deflation device.
- Sleeved, trunk-mounted STOP STICKS allow for fast, easy access.
- Lightweight construction — just over 1 pound (.516kg) — makes deployment and retrieval virtually effortless.
- In-sleeve deployment allows an officer to throw device from the side of the road and quickly remove it by pulling the cord reel.
- Multi-directional spikes ensure correct deployment (any side can be facing down).
- Simple design is not dependent on complicated and unreliable technology such as wires and remote controls.

Versatility

- Deflates tires on virtually all vehicles including cars, buses and tractor-trailers.
- Can be used by departments with or without no-pursuit policies.
- Can be deployed in 9-foot (2.7m) or 12-foot (3.7m) sleeve.
- Works on a variety of terrain.

Accessories

The three items below are included with each rack. May also be purchased separately.

- Sleeve: Double-sewn nylon ripstop construction.

- Cord Reel: 80 feet (24m) of woven polyester line with comfortable, easy-to-hold handle—an added safety feature for officer deployment.

- Mounting Tray: Aluminum, designed for trunk mounting with reflective STOP STICK sticker.

NEW for Police SUVs

- SUV Kit: When trunk-lid mounting is not possible, the SUV Kit is a convenient solution. The SUV Kit contains STOP STICKS, preloaded in the deployment sleeve, and the 80-foot cord reel, all packed in a sturdy, nylon storage bag. Available in 9-foot (2.7m) (3-stick) or 12-foot (3.7m) (4-stick) lengths.

The benefits extend far beyond the product.

- StopTech, Ltd. will assist a department in generating positive publicity about the purchase of the product and its public safety potential. Purchasing STOP STICKS is an example of a department being proactive in the area of public safety. (Or in the case of a department recovering from a recent accident, it can be viewed as a positive step in eliminating future occurrences.)
- Purchasing STOP STICKS can also help lower both property/casualty and liability insurance. StopTech, Ltd. will assist agencies in communicating this to their insurance provider.
- Because of the tremendous life-saving potential of STOP STICKS, several alternative money sources are available to help with the expense. StopTech, Ltd. will help agencies secure non-traditional financing, including leasing, when your fiscal budget will not allow for the purchase.
