

# STOP STICK®

## Tire Deflation/ Pursuit Termination Device

### SAFE

- Plastic housing provides officer safety during deployment and removal from the roadway.
- Deployment sleeve, with attached 80-foot (24m) cord, allows the deploying officer to stand a safe distance from the road.
- Engineered to deflate tires without blowout; hollow Teflon® coated quills act as valves, releasing air at a safe, controlled rate.
- Eliminates the need for time-consuming, costly and potentially hazardous repair to deflation device.
- No debris left on roadway.

### SIMPLE

- STOP STICK® offers the fastest deployment of any tire deflation device with the least amount of time near the roadway.
- 3 Convenient Storage/Mounting Options allow for fast, easy access.
- Lightweight construction -just over 4lbs (1.54kg) for 9ft length & 5lbs (2.27kg) for 12ft length - makes deployment and retrieval virtually effortless.
- In-sleeve deployment allows an officer to throw device from the side of the road and quickly remove it with attached cord reel.
- Multi-directional spikes ensure correct deployment (any side can be facing down).
- Simple design is not dependent on complicated and unreliable technology such as wires.

### EFFECTIVE

- Deflates tires on virtually all vehicles including cars, buses and tractor-trailers.
- Over 50,000 successful documented deployments.
- Can be used by departments with, or without, pursuit policies.

## ACCESSORIES

The two items below are included with each kit.  
May also be purchased separately.

**SLEEVE** Double-sewn nylon ripstop construction.

**CORD REEL** 80 feet (24m) of woven polyester line with comfortable, easy-to-hold handle - an added safety feature for officer deployment.

## STORAGE AND MOUNTING OPTIONS

### MOUNTING TRAY

- Mountable in Cars, or SUVs, for quick deployment
- Less than one pound
- Dimensions
  - o Length 36 ½ in.
  - o Height 6 ¾ in.

### HOLSTER

- Durable metal enclosure for SUV or Car storage
- Roughly 5 pounds
- Dimensions
  - o Length 37 ½ in.
  - o Height 9 ¼ in.
  - o Depth 4 in.

### STORAGE BAG

- Can be moved between vehicles as needed
- Less than one pound
- Dimensions
  - o Length 39 in.
  - o Height 9 in.
  - o Depth 9 in.
